Program Goal:

To provide a comprehensive overview of topics of greatest importance as presented at the 2020 ASCO Annual Meeting.

Target Audience:

Oncologists and other health care professionals working with individuals with cancer.

Course Objectives:

Upon completion of this conference the participant should be able to:

- Integrate new evidence into everyday clinical practice, thereby improving the quality of care being delivered to cancer patients.
- Implement practice changes in a variety of treatment options for solid tumors, including lung, breast, melanoma, colorectal, non-colorectal GI, and GU cancers.
- Stimulate innovative strategies for new and/or additional research related to treatment and/or prevention.
- Recognize the implications for practice change in both the academic and community practice settings.

Presentation Slides:

Instructions on how to access virtual conference and presentations will be sent to the email listed at registration. A copy of presentation slides can be accessed via OneDrive.

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.
