

SCHOLAR

Scholarly Conference Highlighting Osteopathic Learning and Research

Sponsored by UPMC Medical Education

Friday, September 20, 2019

Cumberland Woods Village Conference Center
700 Cumberland Woods Drive - Allison Park, Pennsylvania 15101

This program is being presented as a means of helping our AOA programs complete the necessary requirements to lead to ACGME accreditation or obtain osteopathic recognition under the new single accreditation system. A shared area of concern in applications pertains to the lack of research opportunities and scholarly work for AOA faculty. This program highlights prospective ways to address these issues with the support of UPMC Medical Education.

At the conclusion of SCHOLAR, participants will be able to:
Discuss concepts affecting Osteopathic education and medicine
Demonstrate OMT techniques
Discuss methods to prepare MD residents for osteopathic training
Raise awareness to the role of bias and diversity in medical training

8:00AM – 8:30AM	Registration with Continental Breakfast	
8:30AM – 8:45AM	Welcome and Introductions	<p>William Lamb Jr, DO, FACP Chair, Osteopathic Program Oversight Committee UPMC Medical Education Clinical Associate Professor of Medicine University of Pittsburgh School of Medicine, Pittsburgh, PA</p> <p>Gregory Bump, MD Designated Institutional Official UPMC Medical Education Associate Professor of Medicine General Internal Medicine University of Pittsburgh School of Medicine, Pittsburgh, PA</p>

8:45AM – 9:30AM	<p>Expertise in Safety and Quality, What Are the Essentials?</p> <p><i>Session Objectives and Deliverables:</i></p> <ul style="list-style-type: none"> • Discuss a model of expertise • Describe expectations of expertise in safety and quality • Discuss the fundamentals: As a community of educators what do we want every trainee to know about safety and quality • Describe the benefits of ‘Team-Based’ safety and quality experience for residents and fellows • Develop ‘Team-Based’ experiences that are meaningful to trainees at your institution 	<p>Gregory Bump, MD Designated Institutional Official UMPC Medical Education Associate Professor of Medicine General Internal Medicine University of Pittsburgh School of Medicine, Pittsburgh, PA</p>

Conference Co-Sponsored by the Philadelphia College of Osteopathic Medicine

Continuing Education Credit

Physicians: The Philadelphia College of Osteopathic Medicine is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians.

The Philadelphia College of Osteopathic Medicine designates this program for a maximum of 5.5 hours of AOA Category 1A credits and will report CME and specialty credits commensurate with the extent of the physician's participation in this activity.

University of Pittsburgh School of Medicine

Continuing Education Credit

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians

The University of Pittsburgh School of Medicine designates this live activity for a maximum of 5.25 *AMA PRA Category 1 Credits™*. Physicians should only claim credit commensurate with the extent of their participation in the activity.

Other Health Care Professionals

Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

The information presented at this CME program represents the views and opinions of the individual presenters, and does not constitute the opinion or endorsement of, or promotion by, the UPMC Center for Continuing Education in the Health Sciences, UPMC / University of Pittsburgh Medical Center or Affiliates and University of Pittsburgh School of Medicine. Reasonable efforts have been taken intending for educational subject matter to be presented in a balanced, unbiased fashion and in compliance with regulatory requirements. However, each program attendee must always use his/her own personal and professional judgment when considering further application of this information, particularly as it may relate to patient diagnostic and treatment decisions including, without limitation, FDA-approved uses and any off-label uses.

No members of the planning committee, speakers, presenters, authors, content reviewers and/or anyone else in a position to control the content of this education activity have relevant financial relationships with any entity producing, marketing, re-selling, or distributing health care goods or services, used on, or consumed by, patients to disclose.
