**Program Overview:** The focus of this webinar will be on identifying tools to assist in the successful transition process to adult care for adolescents with chronic conditions, their families and caregivers and the multidisciplinary providers that care for them.

**Learning Objectives:** The goal of this webinar is to identify the legal concerns for patients with neurodevelopmental disabilities, to understand the needs of patients with chronic medical conditions for transition to adult care, be able to conduct a transition interview and assessments, and understand how to bill for use of validated transition tools.

**Target Audience:** Patients with chronic medical and developmental conditions, their parents and caregivers as well as practitioners interested in positive development of youth with medical challenges and disabilities to receive appropriate transition care education.

**Faculty Disclosure:**

All individuals in a position to control the content of this education activity including members of the planning committee, speakers, presenters, authors, and/or content reviewers have disclosed all relevant financial relationships with any entity producing, marketing, re-selling, or distributing health care goods or services, used on, or consumed by, patients.

The following relevant financial relationships were disclosed:

Loreta Matheo, MD – Stockholder: Ironwood Pharmaceuticals and Cycleron Pharmaceuticals.  
Traci Kazmerski, MD – Grant/Research Support: Cystic Fibrosis Foundation and Children's Hospital Foundation. Consultant: Cystic Fibrosis Foundation.

No other planners, members of the planning committee, speakers, presenters, authors, content reviewers and/or anyone else in a position to control the content of this education activity have relevant financial relationships to disclose.

**Accreditation and Designation Statement**

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME) and the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

**Physician (CME)**

The University of Pittsburgh designates this live activity for a maximum of 1.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

**Nursing (CNE)**

The maximum number of hours awarded for this Continuing Nursing Education activity is 1.5 contact hours.

### **Social Work**

As a Jointly Accredited Organization, University of Pittsburgh is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. University of Pittsburgh maintains responsibility for this course. Social workers completing this course receive 1.5 continuing education credits.

### **Other health care professionals**

Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

### **Disclaimer Statement:**

The information presented at this CME program represents the views and opinions of the individual presenters, and does not constitute the opinion or endorsement of, or promotion by, the UPMC Center for Continuing Education in the Health Sciences, UPMC / University of Pittsburgh Medical Center or Affiliates and University of Pittsburgh School of Medicine. Reasonable efforts have been taken intending for educational subject matter to be presented in a balanced, unbiased fashion and in compliance with regulatory requirements. However, each program attendee must always use his/her own personal and professional judgment when considering further application of this information, particularly as it may relate to patient diagnostic or treatment decisions including, without limitation, FDA-approved uses and any off-label use.
