

COPD 2020: Current Guidelines and New Directions

University Club | 123 University Place | Pittsburgh, PA 15260

Saturday, December 7, 2019 | 8am-3pm

Target Audience

Physicians (including Pulmonologists and PCP's) respiratory therapists, nurses, and other health professionals

Objectives

At the end of this conference, physicians and other health care workers will:

- change their treatment approaches to COPD based on the latest evidence-based approach to clinical practice;
- learn the evidence-based benefits and risks of bronchoscopic and surgical lung volume reduction and be better able to select patients who may benefit by referral for this procedure;
- learn the evidence-based benefits of non-invasive ventilation and be better able to select patients who may benefit by referral for this procedure.

Continuing Education Credit

This activity is approved for the following credit: *AMA PRA Category 1 Credit™*, *ANCC*, and *AAPA Category 1 CME Credit*. Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.
