Location and Accommodations information on page 3.

Introduction

As the population continues to age, we are all seeing a tidal wave of older persons in our hospitals, clinics and nursing homes. Moreover, the fastest growing segment of the population comprises individuals above the age of 85 years. The purpose of our conference is to provide an evidence-based approach to help clinicians take exceptional care of these often-frail individuals.

Highlights

Speakers – Handpicked by a multidisciplinary committee of clinicians from academics, practice, and the payer community. Selection was based on two criteria:

- **Expertise** – which in most cases is nationally-recognized and often responsible for the advances relative to practice
- **Ability to convey information**, in a practical, succinct, and entertaining way that will allow attendees to immediately incorporate lessons into their practice

Topics and Structure

- ▲ “Year in Review” highlighting recent advances/controversies
- ▲ AGS President discusses “The 4 Ms” (mentation, mobility, meds, and what matters)
- ▲ “Deprescribing” by co-author of the updated Beers List (Linnebur)
- ▲ “Osteoporosis” by the President of the National Osteoporosis Foundation (Greenspan)
- ▲ “Immunizations” by a member of the ACIP and AMDA’s President (Nace)
- ▲ “Diabetes in the Elderly” by a co-author of ADA’s National Guidelines (Korytkowski)
- ▲ Geriatric Cardiology Symposium featuring authors of AHA/ACC Guidelines for the Elderly
- ▲ Practical tips on Difficult Conversations by the co-developer of the acclaimed “VitalTalk” (Arnold)
- ▲ State of the Art updates on geriatric syndromes, each tailored to relevant clinical settings
- ▲ Evidence-based solutions for multiple other relevant topics, including geriatric psychiatry, insomnia, electrolyte disorders, common infections, the hot joint, and pressure ulcers.
- ▲ Practical, implementable pearls on hearing aids, podiatry, dermatology, dentistry, elder abuse, etc.
- ▲ Special sessions on Wellness and the Ins/Outs and Consequences of “Obs” Admissions
- ▲ Interactive Panel Discussions and breakout sessions, allowing attendees to design their own course, and affording close interactions with experts on challenging topics and real-world cases

Learning Objectives

At the end of this course, participants should be able to:

- ▲ Provide evidence-based updates for common geriatric disorders
- ▲ Understand how the approach to geriatric care differs by clinical setting
- ▲ Understand innovative new initiatives and programs to improve the care of the older patient
- ▲ Get answers to specific clinical questions from their own practice

Who Should Attend

This course is designed for family practitioners, internists, geriatricians, and other health care professionals who provide care to older adults. Previous attendees will also be interested because of the conference's continually changing topics, speakers and approach.

Continuing Education Credit

CME – In support of improving patient care, this activity has been planned and implemented by the University of Pittsburgh and the Pennsylvania Geriatrics Society – Western Division. The University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physicians – The University of Pittsburgh School of Medicine designates this live activity for a maximum of 20.0 *AMA PRA Category 1 Credits*.™ Physicians should only claim credit commensurate with the extent of their participation in the activity.

Nursing (CNE) – The maximum number of hours awarded for this Continuing Nursing Education activity is 20.0 contact hours.

Pharmacy (CPE) – This knowledge-based activity provides 20.0 contact hours of continuing pharmacy education credit.

Social Work – As a Jointly Accredited Organization, University of Pittsburgh is approved to offer social work continuing education by the Association of Social Work Boards (ASWB) Approved Continuing Education (ACE) program. Organizations, not individual courses, are approved under this program. State and provincial regulatory boards have the final authority to determine whether an individual course may be accepted for continuing education credit. University of Pittsburgh maintains responsibility for this course. Social workers completing this course receive 20 continuing education credits.

Other health care professionals – Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity. Thursday = 9.0 Friday = 7.75 Saturday = 3.25

The 20.0 credit hours includes the dinner; that is a one-hour presentation (1 credit).
