The **IBD Collaborative** is a semi-annual, accredited gastroenterologist education series developed by the **UPMC** and **AHN** Inflammatory Bowel Disease Centers to educate the greater Pittsburgh gastroenterology community as well as domestic GI partners. This March 29th course has been designed for physicians and all medical professionals interested in IBD patient care.

The **IBD Collaborative: Therapeutic Drug Monitoring in IBD** program will be webcast to comply with pandemic guidelines. Audience discussion via a Zoom platform will be encouraged.

COST

FREE for all medical professionals.

TO REGISTER

https://us02web.zoom.us/meeting/register/tZAocuGrqDotHtMY0BR-awGIGsQt_dS993i7

Participants **MUST** preregister. Registration is requested **by March 25th** to best support accreditation requirements, although registration will be accepted up to 6:30 pm on March 29th.

TO PARTICIPATE

Preregistered guests will receive an emailed meeting invitation with unique, per-person sign-in access a few days before the meeting. All attendees are encouraged to visit with our exhibitors from 6:30 to 7:00 pm on the evening of the program.
