

48th Annual Magee Alumni Day

Program Schedule

Friday, October 20, 2023

UPMC, Magee-Womens Hospital

Drs. Hutchinson and Hayashi Auditorium

Pittsburgh, Pennsylvania

Overview

For this year's Magee Alumni Day program, we have an exciting line-up of speakers consisting of past and current faculty and former residents. The program will feature updates on clinical care over the entire age spectrum of our patients. We expect the program to present topics that pose challenging clinical, technical, ethical, and financial issues that today's OB/GYN often faces, whether in practice or in an academic career. The program features endowed lectures — the Cohen, McCall, OB/GYN Legacy, Katz Minimally Invasive Surgery, Kunschner Memorial lectures as well as the Steve N. Caritis Lecture.

Target Audience

This program is focused on health care practitioners in obstetrics and gynecology as well as in other primary care specialties.

Objectives

- *Review pelvic sidewall anatomy as it relates to accomplishing difficult cases.*
- *To understand the predictive and diagnostic capabilities of Placental Growth Factor and Soluble Flt-1 for preeclampsia and other placental syndromes, and to anticipate their introduction into U.S. clinical practice.*
- *Review twin gestation and complications that may occur from sharing a placenta.*
- *Understand aspects of gynecologic care in the pediatric/adolescent oncology patient, including fertility counseling, menstrual management, and post-treatment endocrine function.*
- *The lecture will expand the fund of knowledge of the HPV virus by examining the history of cervical cancer prevention.*

Friday, October 20, 2023 ~ Magee Alumni Day Program Schedule

- 8:00am Welcome
Richard Guido, M.D.
- 8:05am Drs. Mortimer and Harold Cohen Lecture
Biomaterials for gynecologic surgeons: toward biomimetic bioinspired devices
Pamela Moalli, M.D.
- 8:45am OB/GYN Legacy Lecture
Venus, Virgins and Viruses: A brief history of cervical cancer.
Kathleen McIntyre-Seltman, M.D.
- 9:25am Announcements/Break
- 9:40am Dr. David Katz Minimally Invasive Lecture
How Retro!
Retroperitoneal anatomy made ridiculously simple.
Suketu Mansuria, M.D.
- 10:20am Dr. Alan Kunschner Memorial Lecture
Caring for the Pediatric/Adolescent Oncology Patient: A Gynecologist's Perspective.
Serena Chan, M.D.
- 11:00am Break
- 11:15am In Memoriam
- 11:20am Dr. Steve N. Caritis Lecture
Conceptualizing Prenatal Care with Angiogenic Biomarkers: The "Postpreeclampsia" Era.
Douglas Woelkers, M.D.
- 12:00am Dr. Milton McCall Lecture
Complicated Monochorionic Twins
Tiffany Deihl, M.D.
- 12:40pm Adjournment

***Program Schedule is subject to changes. ***

Course Director

Richard Guido, MD

Professor of Obstetrics, Gynecology and Reproductive Sciences
University of Pittsburgh School of Medicine
Department of Obstetrics and Gynecology, UPMC - Magee-Womens Hospital

Guest Faculty

Douglas Woelkers, MD

Clinical Professor
University of California, San Diego School of Medicine
Division of Maternal Fetal Medicine
Department of Obstetrics, Gynecology and Reproductive Sciences
San Diego, CA

Local Faculty

Serena Chan, MD, FACOG

Assistant Professor, Department of Obstetrics, Gynecology and Reproductive Sciences
Division Chief, Pediatric & Adolescent Gynecology
UPMC Children's Hospital of Pittsburgh
UPMC Magee-Womens Hospital

Tiffany Deihl, MD

Assistant Professor, Department of Obstetrics, Gynecology and Reproductive Sciences
UPMC Magee-Womens Hospital

Suketu Mansuria, MD

Associate Professor, Department of Obstetrics, Gynecology and Reproductive Sciences
Assistant Director of Gynecologic
Minimally Invasive Surgery
UPMC Magee-Womens Hospital

Kathleen McIntyre-Seltman, MD

Professor Emeritus, Department of Obstetrics, Gynecology and Reproductive Sciences
UPMC Magee-Womens Hospital

Pamela Moalli, MD, PhD

Professor, Department of Obstetrics, Gynecology and Reproductive Sciences, University of Pittsburgh
Division Director of Urogynecology & Reconstructive Pelvic Surgery, UPMC Magee-Womens Hospital
Secondary appointments in the Department of Bioengineering, the McGowan Institute of Regenerative Medicine, and the Clinical and Translational Institute at the University of Pittsburgh
Adjunct Professor of Bioengineering at Carnegie Mellon University

CME Accreditation and Credit Designation

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician (CME)

The University of Pittsburgh designates this live activity for a maximum of 4.0 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing (CNE)

The maximum number of hours awarded for this Continuing Nursing Education activity is 4.0 contact hours.

Physician Assistant (AAPA)

The University of Pittsburgh has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 4.0 AAPA Category 1 CME credits. PAs should only claim credit commensurate with the extent of their participation.

Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

Faculty Disclosure

All individuals in a position to control the content of this education activity have disclosed all financial relationships with any companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.

All of the relevant financial relationships for the individuals listed below have been mitigated:

Richard Guido, MD

Grant/Research Support: Mitre Corporation via a CDC grant

Consultant: Inovio Pharmaceutical

Douglas Woelkers, MD

Consultant: Roche Diagnostics, Inc., and Quidel, Inc.

No other members of the planning committee, speakers, presenters, authors, content reviewers and/or anyone else in a position to control the content of this education activity have relevant financial relationships with any companies whose primary business is producing, marketing, selling, re-selling, or distributing healthcare products used by or on patients.
