

PITTSBURGH

Course Handout

Schedule and General Information

Friday, March 1, 2024

The Oaklander Hotel

5:30 – 8 p.m.

IBD Pro: Pittsburgh program will include a special evening of education and engagement with colleagues. Dinner conversation will feature **Shrinivas Bishu, MD**, of the University of Michigan presenting *Multiomics and De-Escalation of Treatments in Ulcerative Colitis*.

Learning Objectives:

- #1 To support advanced education for the IBD multidisciplinary care team.
- #2 To identify proven treatment modalities related to advanced, empirical IBD patient care.
- #3 To encourage enhanced patient-provider communication strategies.

Target Audience:

This activity is intended for physicians, pharmacists, and registered nurses/advanced practice providers engaged in the care of patients with inflammatory bowel disease.

Accreditation:

In support of improving patient care, this activity has been planned and implemented by the University of Pittsburgh and Crohn's & Colitis Foundation. The University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician (CME)

The University of Pittsburgh designates this live activity for a maximum of 1.0 *AMA PRA Category 1 Credit™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

The information presented at this accredited program represents the views and opinions of the individual presenters, and does not constitute the opinion or endorsement of, or promotion by, the UPMC Center for Continuing Education in the Health Sciences, UPMC / University of Pittsburgh Medical Center or Affiliates and University of Pittsburgh School of Medicine. Reasonable efforts have been taken intending for educational subject matter to be presented in a balanced, unbiased fashion and in compliance with regulatory requirements. However, each program attendee must always use his/her own personal and professional judgment when considering further application of this information, particularly as it may relate to patient diagnostic or treatment decisions including, without limitation, FDA-approved uses and any off-label uses.
