CLINICALCONNECT HIE

Western PA's Health Information Exchange

ClinicalConnect HIE is a PA-based 501© (3) non-profit company, that with patient consent, securely aggregates clinical data for better quality care, monitoring, & reporting by key healthcare stakeholders.

Through ClinicalConnect HIE's diverse services, healthcare providers have secure, real-time access to their patient's medical information, *including lab results, allergies, medications, referrals, & past hospitalizations & office visits data*, all of which are important to clinical decision-making,

providing better patient care, creating easy referrals to meet their patient's social determinants of health needs & to control healthcare costs. As allowed under HIPAA, insurers have secure access to their active members data, aiding with their HEDIS reporting efforts & to control costs.

ClinicalConnect HIE is a proud member of the PA Patient & Provider Network (P3N) & the eHealth Exchange. For more information, please contact Laura Mosesso, Outreach Manger at mosessol@clinicalconnecthie.com.
