

MFHS

Circle of Care Maternity Medical Home

MFHS Circle of Care is the First Maternity Medical Home Model in PA –

meeting community needs with a holistic approach to pregnancy care for expanded prenatal, obstetric, postpartum, and newborn care services.

MFHS provides caring, confidential, and personalized care in a low-income, high need area of Scranton - serving the most vulnerable pregnant women, from their first prenatal visit through delivery, and after the baby is born.

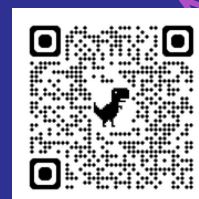

Services include:

- maternity care;
- WIC Nutrition Program;
- breastfeeding/lactation support;
- confidential reproductive health services;
- dental health care services;
- Nurse-Family Partnership (NFP);
- Vaccine for Children Program
- breast and cervical cancer screenings;
- behavioral health services;
- post partum depression and anxiety care.

**Care is tailored to meet individual needs –
helping empower patients to care for themselves as well as their child.**
