What if you had **2 hours, every week**
with the hardest-to-reach families?

Fabric Health:

Trusted, Last-Mile Engagement ®

Your front door
to current and
future
customers

Trusted
relationships,
not marketing

Skeptics become
community
ambassadors

Exponential Impact of the Fabric Approach

Gone are the days off:

- ~~• Chasing members off of a list~~
- ~~• Sending mail to the wrong address~~
- ~~• Unknown numbers calling at the wrong time~~

Instead, Fabric:

- **Repurposes** 2 hours of idle time into longitudinal engagement
- Convenes **current** and **prospective members**
- **Captures organic traffic** of thousands of members in-person, every week

The Fabric Workflow: Meet Members Where They Are, In The Time They Have

Fabric is a Member's front door

SDoH screened & Member contact info updated

Apps submitted (Medicaid recert, SNAP)

Fabric connects Member to plan (care management, PCP)

SMS reminders & live support

Fabric has 8X the engagement and interaction of other tested channels:

- 70% of users are women, the financial and family decision-maker for a generation above and below
- Fabric members spend 2 hours waiting on-site, every week
- Text is by far the most effective engagement outside the physical space

The Impact of Fabric's Front Door

Kareena meets Andrea on Fabric's team, opens up, and gets immediate help

Anecdote

Kareena shared her stresses paying bills. Fabric **built a relationship** and helped her apply for **3 public benefits: Medicaid, LIHEAP, and SNAP.**

Fabric helped her select an **in-network PCP** and **schedule her first PCP appointment.**

Kareena now asks Fabric not only about her own health, but also for her extended family's.
