### **AGENDA TOPICS:**

**Health Economics** - We will hear what a health economist thinks about our world and game.

**Behavioral Health** - Several members will be sharing their lessons on collaborative models of care and others are presenting on how external folks are helping the organization with this.

**Patient Engagement** - We will learn if value-based patients show different engagement ratings than other populations of patients. Press Ganey will present data showing how we can help to improve engagement. We will also discuss how patient-reported outcomes data is being measured and used.

**Post Election Day** - Whether we know the final results or not, we'll spend time thinking about what this transition era says about the regulatory environment.

**\*\*Additionally, we will catch up on the zoom sessions we have been hosting between in-person events**

**\*\*\*** "Roundtable Reconnaissance/Open Mic/ etc." Sessions

These asterisked parts of the agenda are designed to allow members to share important information and learn from what others are doing. Therefore, please come prepared to share some key issues that you are encountering within your practice, health system or in key markets. As part of these roundtable sessions, we also encourage members to bring sample documents or other information they feel may be of benefit to other members. Provide an electronic copy or 20 printed copies of any handout materials you are willing to share.

*These sessions are only as valuable as you and other members make it; your active involvement and willingness to share will benefit the entire group. PowerPoint "micro-presentations" (i.e. 3-5 minutes) are also welcome. Please email this information to Stacy Reiff, [ops@theleadersboard.com](mailto:ops@theleadersboard.com) as soon as possible.*
