LIFE CHANGING MEDICINE

Introduction:

This course is intended for physician assistants, nurse practitioners, nurse midwives, and nurse anesthetists clinically practicing in both inpatient and outpatient medicine. This two-day multidisciplinary, interactive event aims to educate APPs on up-to-date treatments and best practice guidelines for a variety of topics, as well as improve interdisciplinary relationships between APPs across local hospitals in order to better serve their patients. The course will aim to enhance both clinical and procedural skills by offering a combination of didactic lectures and hands-on workshops.

Learning Objectives:

- Expand clinical knowledge and technical skills for the most common diagnoses that result in patient hospitalization.
- Engage in professional development through networking opportunities and effective communication.
- Gain insight into both evidence-based best practices and local system's experience with APP leadership structures and APP career growth opportunities.
- Opportunity for direct demonstration, personalized instruction, and extensive hands-on practice in fundamental skills for the APP through half-day of simulation labs.

Parking:

Parking at Cumberland Woods Village is free. There are more than 200 parking spots on sites. When entering Cumberland Woods Drive, the parking lot is on the right. As you continue up the drive, the building to the right is the conference area, the building on the left is an independent living facility for seniors.

Registration Fee Includes:

- **AAPA, AANA, and ANCC credit**
- **Breakfast and Lunch on Friday and Saturday for in-person course days**
- **APP Academy Gift**
- **Networking Opportunities**

Continuing Medical Education Credit:

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician Assistant (AAPA)

The University of Pittsburgh has been authorized by the American Academy of PAs (AAPA) to award AAPA Category 1 CME credit for activities planned in accordance with AAPA CME Criteria. This activity is designated for 12.75 AAPA Category 1 CME credit. PAs should only claim credit commensurate with the extent of their participation.

Nursing (CNE)

The maximum number of hours awarded for this Continuing Nursing Education activity is 12.75 contact hour.

Other health care professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.
