grafja@upmc.edu by 2/28/25. No refunds provided.

The New Age of Nursing Education

After attending this conference, participants will be able to:

- Identify benefits and challenges of integrating AI into Nursing Education; discuss strategies for incorporating AI tools and technologies into curriculum
- Examine how AI is used in various clinical settings and best practices for clinical decision making.
- Explore skills and use evidence-based practices, Motivational Interviewing and Cognitive Behavioral Therapy, in promoting student success

Conference Synopsis:

Dr. Christopher M. Horvat will discuss how nursing faculty can use artificial intelligence and machine learning to enhance clinical learning and decision making. Dr. Curran will discuss Motivational Interviewing and Cognitive Behavioral Therapy in promoting student success.

Conference Keynote Speaker:

Dr. Christopher M. Horvat, an Associate Professor at the University of Pittsburgh School of Medicine, specializes in Critical Care Medicine, Pediatrics, Biomedical Informatics, and Clinical and Translational Sciences. He focuses on healthcare performance improvement and informatics, and is pursuing an MSIT in Business Intelligence and Data Analytics at Carnegie Mellon University. Board-certified in clinical informatics, Dr. Horvat leads efforts in real-time quality measurement, digital quality measures, predictive analytics, embedded clinical trials, and applying AI and machine learning to clinical decision making.

Program Evaluation/CE Certificates

Event is sponsored by UPMC Schools of Nursing with a target audience of Nursing Instructors.

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Nursing (CNE): The maximum number of hours awarded for this Continuing Nursing Education activity is **3 contact hours** and will be awarded when the entire program is attended and evaluation complete.

Other Healthcare Professionals will receive a certificate of attendance confirming the number of contact hours commensurate with the extent of participation in this activity.

Parking @ Mercy Pavilion
1622 Locust Street
Pittsburgh, PA 15219
