Pennsylvania Perinatal Quality Collaborative

Mercer County
Children and Youth
Services Presents

Neonatal Abstinence
Syndrome Symposium

FRIDAY, MAY 15, 2026

8:30 a.m. to 4:00 p.m.

Thiel College | Howard Miller Student Center

The Symposium is being hosted by Mercer County CYS in collaboration with the Mercer County Behavioral Health Commission, PA Department of Health, UPMC, Adagio Health, and Pennsylvania Perinatal Quality Collaborative.

Welcome

NAS stands for Neonatal Abstinence Syndrome. This is a condition that occurs when infants are exposed to drugs that cause dependency while in-utero. This condition can cause a range of symptoms beginning at birth. The purpose of the symposium is to educate attendees on the condition and effective interventions and resources for children affected by NAS, their families, and those tasked with supporting them.

Symposium Goal

Together, professionals from various child and family serving agencies and organizations within Mercer County will explore Neonatal Abstinence Syndrome and the available supports and services within the community to better assist children and families affected by NAS.

Symposium Learning Objectives

By participating in the symposium, attendees will be able to:

- Define and understand Neonatal Abstinence Syndrome and who is affected by it.
- Identify and be educated on effective and available interventions.
- Demonstrate ways they can support children and families affected by NAS.

Agenda

| | | |
|---------------|---|---|
| 8:30 - 9:00 | Registration Check-in (Breakfast Served) | |
