

Radiology Contrast Reaction Course (RAD CON RXN)

August 7, 2026

RAD CON RXN

Overview and Objectives

This course aims to help attendees manage life threatening situations as well as additional complications that can arise in a radiology context. Through hands-on scenario-based simulations and interactive debriefing sessions the attendees will accomplish the following course objectives:

- To learn different properties of IV contrast materials
- To understand contraindications and appropriate use of IV contrast material
- To become familiar with identification and management of patients with contrast reactions

Who Should Attend

Radiology attendings, fellows, residents, nurses, and technologists.

Accreditation and credit designation

In support of improving patient care, the University of Pittsburgh is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

Physician (CME)

The University of Pittsburgh School designates this live activity for a maximum of 3.5 *AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Nursing (CNE)

The maximum number of hours awarded for this Continuing Nursing Education activity is 3.5 contact hours.

This activity has been designated as and qualifies for Patient Safety-Risk Management Credit.

Schedule

Pre-course work (1 hr.)

12:00 – 12:30 pm

12:30 – 2:00 pm

2:00 – 2:30 pm

Pre-test, Contrast Reaction Module, References

Introduction and Orientation

Scenario Rotations

Group debrief and Evaluations.
