

Program Agenda:

7:30-8:00am: Virtual Registration

8:00-8:05am: Welcome
Ibrahim Sultan, MD

Section I: Aortic Valve Disease: Moderated by Conrad Smith, MD

8:05-8:15am: TAVR in the low-risk patient population: Are we there yet?
Dustin Kliner, MD

8:15-8:25am: Valve selection in TAVR: How do I decide?
Amber Makani, MD

8:25-8:35am: Percutaneous coronary interventions with TAVR: Tips and Tricks
Catalin Toma, MD

8:35-8:45am: Surgical Aortic Valve Replacement: What does the future look like?
Ibrahim Sultan, MD

8:45-8:55am: Hypertrophic Obstructive Cardiomyopathy: State of the Art
Timothy C. Wong, MD

- 8:55-9:05am:** **Aortic Valve Repair: When to Do It?**
Derek Serna-Gallegos, MD
- 9:05-9:15am:** **From the Bench to the Bedside: Novel Druggable Target Driving in Aortic Stenosis**
Cynthia St. Hilaire, PhD, FAHA
- 9:15-9:30am:** **Panel Discussion**
- 9:30-9:50am:** **Moderated Live Case Recording Panel:
UPMC Presbyterian Shadyside**
Hemal Gada, MD, MBA; Dustin Kliner, MD; **Amber Makani, MD**; Ibrahim Sultan, MD; Catalin Toma, MD
- 9:50-9:55am:** **Break**
- Section II:** **Mitral & Tricuspid Valve Disease: Moderated by Hemal Gada, MD**
- 9:55-10:05am:** **Transcatheter mitral edge to edge repair in Low-Risk Patients: What are the goal posts?**
Conrad Smith, MD
- 10:05-10:15am:** **Thinking beyond the clip: The role of Transcatheter Mitral Valve Replacement**
Jeff Fowler, DO
- 10:15-10:25am:** **Heart failure management in heart valve disease: Does it work?**
Jennifer Kliner, CRNP
- 10:25-10:35am:** **Percutaneous Tricuspid Valve Repair: Making it a Reality**
Matt Suffoletto, MD
- 10:35-10:45am:** **Transcatheter Tricuspid Valve Replacement: the new TAVR!**
Hemal Gada, MD, MBA
- 10:45-10:55am:** **Concomitant MAZE and LAA ligation During Heart Valve Surgery: Do Not Forget About Afib!**
Danny Chu, MD
- 10:55-11:05am:** **Embracing the robot for mitral valve surgery**
Johannes Bonatti, MD
- 11:05-11:15am:** **Endocarditis with IV Drug Use: We need to talk about it!**
Pyongsoo Yoon, MD
- 11:15-11:30am:** **Panel Discussion**
- 11:30am-11:50am:** **Moderated Live Case Recording Panel:
UPMC Harrisburg**
Hemal Gada, MD, MBA; Sandeep Jain, MD; Dustin Kliner, MD; Amber Makani, MD; Matthew Suffoletto, MD

11:50am-12:00pm: Break

**Section III: Heart Valve Disease: What does the future look like?:
Moderated by Ibrahim Sultan, MD**

12:00-12:10pm: Moderate Aortic Stenosis: What are waiting for?
Joshua Levenson, MD

12:10-12:20pm: Heart Valve Disease in Pregnancy
Agnes Koczo, MD

12:20-12:30pm: Referral for heart valve disease interventions? Do we need to lower the threshold?
William Katz, MD

12:30-12:40pm: Transcatheter pulmonary valve replacement in adults with congenital heart disease
Bryan H. Goldstein, MD

12:40-12:55pm: Keynote Lecture: Women Who Paved the Way to Congenital Cardiology Today
Jacqueline Kreutzer, MD

12:55-1:05pm: Percutaneous Left Atrial Appendage Occlusion: What have we learned over the past decade?
Samir F. Saba, MD

1:05-1:15pm: Maintaining Excellence in heart valve therapies – Role of the Heart team
Katie Fatigante, PA-C

1:15-1:25pm: Anesthesia Considerations for Transcatheter and Surgical Heart Valve Interventions
Kathirvel Subramanian, MD

1:25-1:40pm: What upcoming clinical trials will be game changing for heart valve disease?
Paul Mahoney, MD

1:40-2:00pm: Panel Discussion

2:00pm: Adjournment
Ibrahim Sultan, MD

2:30-4:30pm: Virtual Technology Exhibits (non-ACCME programming)

6:00-10:00pm: HVS 2023 Program and Faculty Dinner
Eddie V's Prime Seafood
