

PancreasFest 2023

July 27-28, 2023
Pittsburgh, PA

PancreasFest 2023: Advances in Pancreatic Diseases

Wednesday, July 26, 2023

5:00pm - 7:00pm Welcome Reception

Thursday, July 27, 2023

8:00am – 8:05am

Welcome & Updates Since PancreasFest 2022

Maisam Abu-El-Haija MD, MS | Cincinnati Children's

Randall E. Brand MD | University of Pittsburgh Medical Center

8:05am – 8:35am

Moderator: TBD

Advances in Basic Science of Pancreatitis: Mechanistic Models

Miklos Sahin-Toth MD, PhD | University of California Los Angeles

8:35am - 9:35am

Acute Pancreatitis Advancements

Moderator: TBD

Fluid Resuscitation

James Buxbaum MD | Keck School of Medicine of USC

Pancreas Club Best of the Best | A PROCALCITONIN-BASED ALGORITHM REDUCES ANTIBIOTIC USE IN PATIENTS WITH ACUTE PANCREATITIS: THE FINAL RESULTS OF THE PROCAP RANDOMISED CONTROLLED TRIAL

Ajith K. Siriwardena MD | Manchester

Do We Need a Cholecystectomy in the Index Admission of Acute Pancreatitis?

David C. Whitcomb MD, PhD | University of Pittsburgh School of Medicine

Panel Discussion

9:35am – 10:35am

Chronic Pancreatitis Advancements

Moderator: TBD

Pain in CP

Vikesh Singh, MD, MSc

Pancreatic Drainage Procedures for Chronic Pancreatitis

William Nealon MD | Northwell Health

TPIAT for Chronic Pancreatitis

Syed Ahmad MD | University of Cincinnati

Panel Discussion

10:35am – 10:50am

Break & Exhibits

10:50am – 11:50am

Advancing Our Understanding of Common Conditions Which Pertain to Children and Adults

Moderator: TBD

EUS Utilization From a Child to an Adult Pancreas

Roberto Gugig MD | Stanford Medicine Children's Health

Drug-Induced Pancreatitis Across the Life Span

Maisam Abu-El-Haija MD, MS | Cincinnati Children's Hospital

PancreasFest 2023

July 27-28, 2023
Pittsburgh, PA

Diabetes Pre and Post Surgery in Pancreatitis Patients

Melena Bellin MD | University of Minnesota

Panel Discussion

11:50am – 1:00pm

Lunch & Exhibits

1:00pm – 2:15pm

Advances in Biomarkers, Genetics and Personalized Medicine in Pancreatitis

Moderator: TBD

Imaging

Temel Tirkes MD | Indiana University School of Medicine

Genotyping Approaches to Adult Pancreatitis - Why, What Do You Hope to Find and Future

TBD

Presentation of Genetic Pancreatitis in Adults vs. Children

Mark E. Lowe MD, PhD | Washington University School of Medicine

Circulating Protein Biomarkers of Pancreatitis (Acute and Chronic)

Zobeida Cruz-Monserrate PhD | The Ohio State University Wexner Medical Center

Panel Discussion

2:15pm – 4:00pm

CAPER Business Meeting, Awards, & Lectures

Moderator: Maisam Abu-El-Hajja, MD, MS | Cincinnati Children's Hospital

Format: 10 min Bus Mtg, 5 min travel awards, 25 min senior mentor, 45 min CAPER YI (12 min each)

CAPER Business Meeting

Maisam Abu-El-Hajja, MD, MS | Cincinnati Children's Hospital

CAPER Travel Scholarship Presentations

Melena Bellin MD | University of Minnesota

CAPER Senior Mentor Award

Introduction: Anna Evans Phillips MD, MS | University of Pittsburgh Medical Center

Title TBD

Honoree: Dhiraj Yadav MD, MPH | University of Pittsburgh Medical Center

CAPER Young Investigator Presentations

Acute Pancreatitis is Associated with Gut Dysbiosis in Children

Chinenye Dike, MD | University of Alabama at Birmingham

The Inflammatory Phenotype of Pancreatic Ductal Adenocarcinoma

Kelly Herremans MD | University of Florida College of Medicine

Leptin Expression and Cachexia in Pancreatic Ductal Adenocarcinoma

Andrea N. Riner MD MPH | University of Florida College of Medicine

Comparison of Current Assessment Tools for Children with Pancreatic Exocrine Insufficiency

Yuhua Zheng MD | Children's Hospital Los Angeles

Discussion

4:00pm - 5:00pm

Poster Reception *(not accredited)*

Moderator: TBD

5:30pm – 8:30pm

Attendee Dinner

PancreasFest 2023

July 27-28, 2023
Pittsburgh, PA

Friday, July 28, 2023

7:15am – 8:00am

Breakfast & Exhibits

8:00am – 8:05am

Welcome to PF23 Day 2

Maisam Abu-El-Hajja MD, MS | Cincinnati Children's

Randall E. Brand MD | University of Pittsburgh Medical Center

8:05am – 10:05am

Parallel Session – Pediatric Pancreatic Disease and Early Adulthood

Format: Three 15 minute presentations; 15 minutes discussion; Case presentation 15 minutes; 15 minutes discussion; Case presentation 15 minutes; 15 minutes discussion

Moderator: TBD

Clinical Trials Needed in Children

Aliye Uc MD | University of Iowa

Endoscopic Management in Pediatric Pancreatitis

Tom Lin MD San Diego

Which Imaging Do You Need for Your Patient with Pancreatic Disease?

Andrew Trout MD | Cincinnati Children's Hospital

Discussion

Case Presentations

Moderator: TBD

Jay Freeman MD | Nationwide Hospital

Discussion

Megha S. Mehta MD | UT Southwestern

Discussion

8:05am – 10:05am

Parallel Session – Pancreatic Cancer

Moderator: TBD

Advances in Basic Science in Pancreatic Cancer

Targeting KRAS for Pancreatic Cancer Treatment

Channing Der, PhD | Lineberger Comprehensive Cancer Center

Anti-Tumorigenic Signaling

Kathleen DelGiorno PhD | Vanderbilt University Medical Center

Panel Discussion

Advances in Precision Approaches for Pancreatic Cancer: Are they ready?

Status for Defining at Risk Groups for PDAC- Beyond Hereditary Etiologies

Aimee Lucas MD, MS | Icahn School of Medicine at Mount Sinai

Predicting Response to Neoadjuvant Therapy

Alessandro Paniccia MD | University of Pittsburgh Medical Center

Pancreas Club Best of the Best | Uncinate Duct Dilatation Predicts Additional Risk for High-Grade Dysplasia or Invasive Carcinoma Among Fukuoka-Positive Intraductal Papillary Mucinous Neoplasms

Zhi Ven Fong MD | Massachusetts General Hospital

Panel Discussion

10:05am – 10:20am

Break & Exhibits

PancreasFest 2023

July 27-28, 2023
Pittsburgh, PA

10:20am – 11:15am

Format: 10 minute introduction, 30 minute lecture and 15 minute discussion

The Ruth C. Brufsky Award for Excellence in Pancreatic Cancer

Moderator: Randall E. Brand MD | University of Pittsburgh Medical Center

Lecture Topic: Pancreatic Cancer Biomarkers

My Personal Reflections on Pancreatic Cancer Early Detection: Past, Present and Future

Sudhir Srivastava PhD | National Cancer Institute

11:15am – 12:15pm

Advancing the Engagement of Underserved Populations in Pancreatic Diseases

Moderator: TBD

Improving Recruitment of Minority Populations in Pancreatitis Studies

Cemal Yazici MD | University of Illinois at Chicago

Improving Recruitment of Minority Populations in Pancreatic Cancer Trials

Fiyinfolu Balogun, MD, PhD | Memorial Sloan Kettering Cancer Center

Prevention of Pancreatic Diseases: NPF's Black/African American Initiative

Darwin Conwell MD | University of Kentucky

Panel Discussion

12:15pm – 1:30pm

Lunch & Exhibits

1:30 pm – 3:30pm

Interventions for Pancreatitis: New Approaches, Knowledge Gaps and Research Opportunities

Moderator:

TBD

Adriana Cowdin | The National Pancreas Foundation – invited by Dr. Abu-El-Haija

Format: 20 min recap; 15 min outcomes, 15 min lessons learned

Recap: 2023 NIDDK Pancreas Workshop Interventions for Pancreatitis: New Approaches, Knowledge Gaps and Research Opportunities

TBD

Outcomes of Interest for Clinical trials

Dhiraj Yadav MD, MPH | University of Pittsburgh Medical Center

Lessons Learned From a Clinical Trial Design

Vikas Dudeja MD | University of Alabama at Birmingham

Mission:Cure Initiative for PROs

Lola Rahib PhD | Mission: Cure

FDA Perspective in Survey Development

Chris St. Clair MD | FDA

Panel Discussion

Panelist

Erica Lyons MD | FDA

3:30pm

Adjourn PancreasFest 2023
