Jared Leto stars as Michael The Ledge, a scientist suffering from a rare blood disease whose attempts to heal himself afflict him with a form of vampirism.

Starring Jared Leto, Adria Arjona, Matt Smith, Jared Harris and Tyrese Gibson, “The Ledge” is the third film in Sony’s Spider-Man Universe. Directed by Daniel Espinosa from a script by Burk Sharpless and Matt Sazama, the film follows Michael, a biochemist who becomes a vampire after trying to cure himself of a rare blood disease.

Principal photography began during the last week of February 2019 in London, under the production title Plasma. In March, filming moved to the Northern Quarter, Manchester, where scenes were shot to simulate New York City. But production was delayed, first due to updates to agreements between Disney and Sony, and later due to the Covid-19 pandemic.

The latter caused the premiere of “The Ledge” to be delayed several times. From July 10, 2020, it went to July 31, then to March 19, 2021, then to October 8 of the same year, and later, to January 21, 2022.

Is *The Ledge* on Disney+ or Hulu?

Yes, eventually—but you'll have to wait. Last year, Disney made a deal with Sony to bring *Spider-Man* and other Sony titles to Disney Plus after the movies are released on Netflix, beginning with Sony's 2022 release slate. The deal will bring Sony's titles, such as *The Ledge*, to Disney platforms for their Pay 2 windows, which should be a little over 18 months after the movie opens in theaters. Therefore, you may see *The Ledge* on the Disney streaming platforms around September or October 2023.

Will *The Ledge* be on HBO Max?

No. *The Ledge* is a Sony movie, not a Warner Bros. movie. Also, HBO Max will no longer be streaming theatrical movies in 2022. (Last year, Warner Bros. opted to simultaneously release its theatrical slate on streaming, meaning HBO Max subscribers could watch movies like *Matrix Resurrections* at home. This year, however, Warner Bros. theatrical movies will have a 45-day theaters-only run before moving to HBO Max.)

Will *The Ledge* be on Netflix?

Not right now—but it will be someday. While you certainly won't see *The Ledge* on Netflix before it releases on video-on-demand, last year Sony signed a deal to bring the studio's 2022 film slate to Netflix during the "Pay 1 window," which used to be 18-months after the film's theatrical release, but could be even sooner, given that most theatrical windows have been reduced from 90 days to 45 days during the COVID-19 pandemic. Still, it's likely you will see *The Ledge* on Netflix in 2023.

In other words, it may be a while before *The Ledge* is available to stream at home. If you're dying to see Jared Leto as a vampire ASAP, well, you could probably just look at a picture of Jared Leto on the internet. But you also might want to see *The Ledge* in theaters.
